REPUBLICAN COMMITTEES

Did Not Transact Business Because
No Quorum Present.

The meeting of the Republican executive and central committees scheduled for this afternoon was adjourned to ten o'clock a. m. on Saturday, June 29. At half past one when the meeting was called to order there was not enough for a quorum and as there was little chance of there being enough on hand to complete the quorum, it was thought best to adjourn until the above date.

Several matters will be up to be disposed of among them being the endorsement of a candidate for member of board of supervisors of election and the possible selection of a second to take the place of P. C. Prentiss who has removed from the county. Another matter is that of township elections. The new law will be explained and the committeemen from the townships shown what is necessary to do.

John Ault and wife of Lima City and John Shoemaker and wife were Sunday guests of J. J. Heilman and family.

RAILROAD ENJOINED

All Must Cross County Road at
Grade.

Injunction proceedings have been brought by the county commissioners against the Lima & Toledo Traction Co. and the contractor who is building the road.

The company is approaching the river road opposite Waterville at a grade which will make the highway there four and a half feet lower than the adjoining parts, in other words it would practically be a four foot hole in the road. It is to restrain them from doing this that Prosecutor Ladd asks for the injunction.

Under the franchise of the company given by the county commissioners the railroad agreed to meet all road grades. This was to avoid just what seems to be aimed at in the present case.

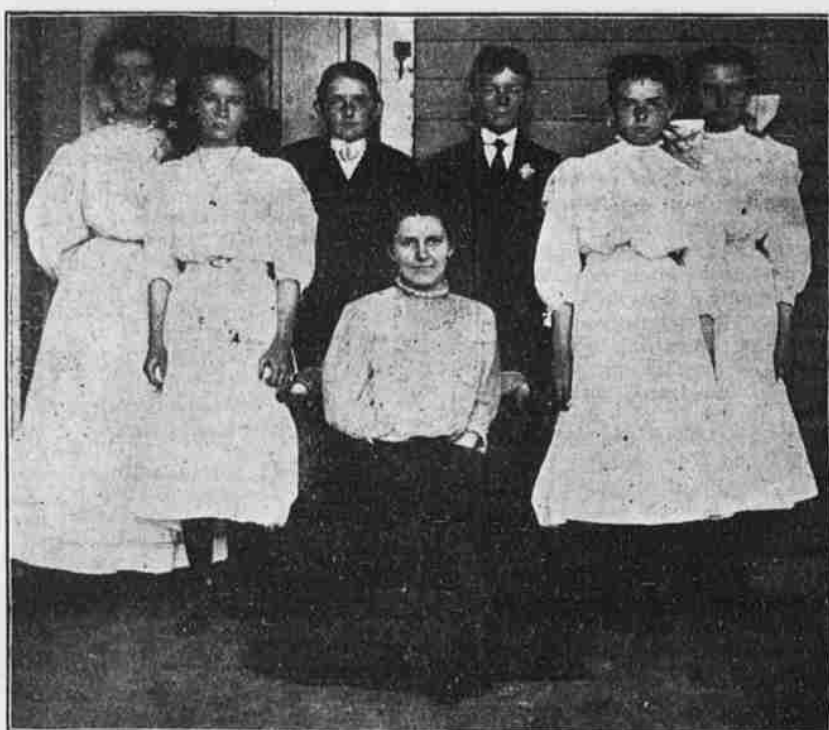

OHIO ENDEAVORERS

Convention to be Held In Columbus, June 25-28

The talent secured by President King now includes Dr. W. J. Dawson, the famous English evangelist; Dr. Washington Gladden, of Columbus; Miss Nannie Lee Frayzer, Louisville, Ky.; in all probability Dr. Francis E. Clark; Dr. James Patterson, of Columbus; Governor Harris, Columbus; Dr. A. J. Brown, president of Wilmington College; Dr. Isaac Aleuzer, the converted Jew. Other strong speakers are expected. For the music we are to have Charles F. Allen of the famous Winona Conference Chorus. Others have the invitation under consideration. The programme will be fine in talent.

Itching, bleeding, protruding or blind piles yield to Doan's Ointment. Chronic cases soon relieved, finally cured. Druggists all sell it.

BOXWELL GRADUATES DISTRICT NO. 11

Boxwell graduates from District 11. From left to right: Grace Martin, Pearl Schrier, Hubert Johnson, Harry Weseman, Clara Kessler, Mable Helmbrecht and their teacher Miss Grace Blinn sitting in the chair.

The Boxwell class from District No. 11 feel quite proud of the showing from their school, as well they may.

Just one-half of the Boxwell graduates who attended the Township commencement, Saturday evening, June 8, at Perrysburg were from that

school. They also fully realize that it was through the untiring work of their teacher, Miss Grace Blinn, that they were able to pass the examinations so successfully.

These pupils all expect to attend the Perrysburg High school the coming year.

DANGEROUS EXPERIMENT

Four Small Boys Injured by Gas Explosion.

The spirit of investigation seemed to have a strong hold on four young men last Friday, when John Maddy, Forest, Chester and Gilbert Sarver, none of whom are over 10 years of age, sought to make scientific experiments with acetylene gas.

They found a can of carbide and poured it into a two-gallon bottle, they then added water to generate the gas, and then placed in the bottle a cork through which a hole had been made. The gas coming through this small aperture was lighted. It burned all right, but the gas generated more rapidly than it escaped through the small hole, resulting in the explosion of the bottle. The boys who were standing near got the force of the explosion in their legs, and all were severely cut with the glass. The most seriously injured were the Sarver boys, and it required the attendance of physicians to extricate the pieces of glass and sew up the wounds.

It was a narrow escape for the children, but they have decided to discontinue the subject of explosives until the Fourth of July.

THE WATER WORKS

Perrysburg Plant Now on a Paying Basis.

The Board of Public Affairs have recently closed up a contract with the C. H. & D. Ry. Co. to furnish them water from the town's water mains at the rate of \$600.00 per year, payable monthly. The Railway company began using City water June 1. This makes the plant self sustaining, as beside the Railway Co. there are thirty-five (35) other subscribers whose combined yearly water rentals exceed \$350.00, making a total yearly revenue from our Water Works plant at this time of \$950.00. This amount is ample to pay all operating expenses.

It would be well for those wishing connections for water to get in their applications early as the Board are anticipating a rush later on, when the dry dusty season is upon us.

The rate for sprinkling garden and lawn, including sprinkling to center of street, is only 50c per month.

MARRIED IN DETROIT.

Miss Lula Wallace of Perrysburg, and John P. Shepherd of New York City, were married at the home of Dr. Patterson and wife in Detroit on Wednesday, June 12, 1907, by Rev. Barkley.

Miss Wallace is the daughter of Charles Wallace and wife of this place, and for several years was employed by the A. T. & T. Co. in Toledo, which position she resigned last May.

Mr. Shepherd is the traveling representative of a medical supply house, and with his bride is enjoying a trip down the Ohio river.

The wedding was a surprise to the bride's many friends who extend the happy couple best wishes for a future of happiness and success.

Remarkable Rescue.

That truth is stranger than fiction, has once more been demonstrated in the little town of Fedora, Tenn., the residence of C. V. Pepper. He writes: "I was in bed, entirely disabled with hemorrhages of the lungs and throat. Doctors failed to help me, and all hope had fled when I began taking Dr. King's New Discovery. Then instant relief came. The coughing soon ceased; the bleeding diminished rapidly, and in three weeks I was able to go to work." Guaranteed cure for coughs and colds. 50c and \$1.00 at Wm.
